Measurements:

- Basic White card base: 5-1/2" x 8-1/2", scored at 4-1/4" then folded and burnished with a Bone Folder plus scrap for the sentiment
- Poppy Parade: 4 1/8" x 5 3/8"
- Pecan Pie: 4" x 5 1/4"

Instructions:

1. Stamp tree image on the Pecan Pie cardstock using the Craft Ink Pad and emboss with White embossing powder.
2. Color the leaves with the red, yellow and green pastels ~ scribble the color on the open spaces of the branches. (Picture of the unblended chalk below.)
3. Blend the colors with the blender pen (this also sets the chalk, eliminating the need for a spray fixative). You can add more color after the pastels dry or blend them again to create the colors that you want. Let dry.
4. Adhere the Poppy Parade to the base card. Adhere the Pecan Pie to the card.

5. Stamp the sentiment and cut out with the banner die. Adhere.

Chalk before it is blended.
