## Measurements:

- Basic White Card Stock: 6" x 3"
- Crumb Cake Card Stock 2: scrap for gingerbread man
- DSP: Six 5 x 11/16" (just under 3/4") strips, Two 3" x 2 1/4", scrap for front of cup.

## Instructions:

1. Use liquid glue to completely cover the back of the DSP strips and panels, adhering to the slats of the crate on front, back and sides. Let dry.
2. Cut dotted rectangle from one end of white card stock.
3. Stamp "Peppermint" in red in on right left side of rectangle, leaving room above. Doing this first helps center the other words.
4. Stamp "This Calls For" above "Peppermint" in black ink and "Hot Cocoa" below.
5. On the remaining white card stock, stamp the cup, marshmallows and candy cane. Stamp the center of the cup on a scrap of Designer Series Paper and cut out along the outline. Color the stripes on the candy cane with red blends and the cup with the brown blends.

- Stamp the gingerbread man on a scrap of Crumb Cake card stock. Die cut all the small pieces and assemble as shown:

- Add Peppermint embellishments.
- Fill with hot cocoa, marshmallows and candy canes!
